# St. George's Park

## Disease management & renovation

With the new regulations set to be implemented in the EU, new challenges arise. St. George's Park is developing new practices to limit the amount of fungicides and obtain a top quality playing surface.

Kate Entwistle (Turf Disease Center) is an independent expert in turf disease analysis, providing advice towards a variety of UK clubs and facilities.

### Why attend:

- Assist in the renovation of 3 training centre pitches (2 natural and 1 hybrid pitch)
- Learn how to take samples and analyse them for potential diseases
- Exchange and discuss with world-class experts on the domain of pitch management and

.....

# We look forward to welcoming you at one of our workshops!
